

Instructions:

1. All questions are compulsory.
2. All questions must be answered in the question booklet itself in the space provided for this purpose
3. All sub-questions under the main question carry equal marks.
4. Rough work, if required, may be done on the last few pages of this question booklet, provided for the purpose.

Part-A (English)

35 Marks

1.	Read the unseen passage below and answer the questions that follow: (10)
<p>There are wild dogs and pet dogs. Pet dogs are helpers and friends to people. There were no pet dogs 15,000 years ago. Men and women learned how to work with dogs. Dogs helped humans travel from Asia to North America 10,000 years ago by pulling sleds in the snow. People say dogs are "man's best friend." They help with farming. They help with hunting. They help with fishing. They can pull things for people. They can help find things.</p> <p>There are many colors of dogs. There are white dogs, gray dogs, black dogs, and brown dogs. A dog's fur can be short or long. Dogs have curly hair or straight fur. There are very small dogs. They are only 6-8 inches tall. There are very big dogs. They are about 3 feet tall.</p> <p>Some dogs can see well. Some dogs do not see very well. All dogs can hear well. They can hear sounds that people cannot hear. They can hear high sounds and low sounds. They can hear sound from very far away. All dogs can smell very well. They can smell 40 times better than humans. Dogs generally live 5 to 13 years, but some dogs live much longer. One dog lived to be 24 years old.</p>
